

### Elegant Eye-Catcher

The **CONVIS 101** impresses with its clean, consistent and unique design. As the smallest monitor in the **CONVIS** series, this ultra-thin monitor is precision-crafted from a single block of aluminum. With a tempered glass front and flat back, it is just 8mm slim.

The crystal clear 10.1 inch monitor is mounted on a sturdy stand that allows a 30° tilt angle for ergonomic viewing.

Designed for situations where minimal dimensions and a low overall height are required. The monitor is extremely flexible in use - be it in meeting rooms, conference halls, entrance areas, sales rooms or plenary sessions. Just plug it in and start.

A successful combination of aesthetics and robustness. This is how the compact monitor presents itself for versatily used rooms.

Unique.  
Made in Germany.  
Made by **ELEMENT ONE**.
